

Together, We Can Make a Difference

The *Pennsylvania Propane PAC* is the Political Action Committee representing the interests of Pennsylvania Propane Gas Association members throughout Pennsylvania. The PAC is a tool to voice PAPGA's positions on issues related to propane and the propane environment. Pennsylvania Propane PAC is a bipartisan Political Action Committee for PAPGA members.

How the PAC Works for You

Every day, lawmakers make decisions to raise or lower your taxes, enact or repeal unreasonable regulations, and influence your business costs. The PA Propane PAC is committed to electing and supporting lawmakers who best advocate the interests of the propane industry ensuring maximum influence in shaping policy issues. It also provides a paramount grassroots and issues mobilizing force and is simply the best way you can protect your business.

Member Participation is Critical for a Successful Legislative Program

Please contribute what you can, and use this as a stepping-stone to your personal involvement in PAPGA's advocacy efforts. No one is required to participate and there is no minimum contribution – unless part of a fundraising event. However, imagine how influential the industry could be if every propane employee in the state gave \$100 each year.

- All contributions are voluntary.
- All contributions must be made by: individuals (personal check/credit card), partnerships or sole proprietor check (not LLC must file as a LLP).
- Pennsylvania law prohibits corporate or business contributions.

How PAC Contributions Are Spent

- **Educate** Pennsylvania Legislators on important issues and the propane industry.
- **Promote** the position of the propane industry on current and pending legislation.
- **Contribute** to Pennsylvania Legislators who actively listen to our concerns and aggressively support our issues.
